RETRENCHMENT IN ROAD PROGRAM IS DEMAND OF BLAINE

FILL IN PRESENT GAPS AND LEAVE REST, HIS EDICT.

CUT EXPENDITURE

Cease Formulating Financial Policies, Governor's Order to Commission.

[BY ASSOCIATED PRESS] Madison—Governor Blaine today sent to the state highway commission his road program, calling for sharp retrenchment in construction work, reduction in expenditures and specializing on maintenance of the present highway system with construction work limited only to places necessary to fill in existing gaps.

Official Answer Planned. Neither W. O. Hotchkiss, chairman of the state highway commission, nor A. B. Elmer, state highway engineer, would comment on the governor's letter to the commission on highway work. Early today it was said a copy of the governor's letter had not been received at the highway commission.

Whether a special meeting of the highway commission will be held this week has not been determined. Chairman Hotchkiss stated it was said that the letter will be answered officially by the commission as a whole.

The governor also called upon the highway commission to cease formulating financial policies and actively participating in promoting these policies, and charged that the highway program has been "forced and over-stimulated by the highway department."

The commission was directed to submit to the governor all available information regarding road contracts, totaling approximately \$1,000,000, which are now awaiting his approval. He announced he will not approve the contracts until "every material fact" has been submitted to him. An outline of the governor's program follows:

1. The state highway commission should turn its exclusive attention to questions of road construction and maintenance of highways.
2. The highway department should turn its exclusive attention to questions of road construction and maintenance of highways.
3. The highway department should turn its exclusive attention to questions of road construction and maintenance of highways.
4. Check "an unreasonable and expensive highway program all along the line."
5. A study of the existing conditions and fill in gaps.
6. State has sufficient funds to meet road program.
7. Some of the outstanding statements made by the executive should be "made by the highway department."

[BY ASSOCIATED PRESS] Milwaukee—Mrs. Amber Allis, plaintiff in a suit against her brother in law, Louis Allis, and her sister in law, Margery Norris, for \$55,000 damages for alleged alienation of the affections of Gilbert Allis, her former husband, won her case when the jury brought in a verdict for \$55,000 in her favor.

CHAS. CODY IN DESPONDENCY TURNS ON GAS

[BY ASSOCIATED PRESS] Leaving a note indicating that despondency over ill health had prompted his act, Charles Cody, a plumber, of 314 South Franklin street, was found dead at 4:30 p. m. Tuesday in the gas filled kitchen of his home, when Harry Van Gilder entered the kitchen to deliver some meat. Two jets in the kitchen stove were wide open and the doors of the rooms were closed. Mr. Cody was sitting near the stove and had apparently turned on the gas about an hour before.

CONFEREES ON TAX MEASURE AGREE BY UNANIMOUS BALLOT

40 PER CENT MAXIMUM SURTAX RATE IS ACCEPTED.

REJECT PUBLICITY

50 Pct. Cut in Normal Taxes on Incomes Under \$8,000 Is Provided.

[BY ASSOCIATED PRESS] Washington—Unanimous agreement was reached today by the conferees on the tax reduction bill.

The Simmons democratic income rate schedule providing for 40 per cent maximum surtax rate and 50 per cent reduction in normal taxes on incomes under \$8,000, was accepted.

Senate amendments providing for full publicity of tax returns and a tax on undistributed corporation profits, were rejected.

Hope for Approval. Hope was expressed by senate republican organization leaders that the bill will now pass without the approval of President Coolidge, who has declared opposition to both the publicity and corporation proposals, which were eliminated.

The house provision for a 40 per cent increase in existing estate tax rates and for the imposition of a gift tax with rates similar to the estate tax rates were accepted.

Senate democrats in yielding their proposal for a substitute corporation tax and full publicity of tax returns, explained that they did so in expectation that the bill would not be objectionable to President Coolidge.

The provision for a 25 per cent reduction on earned incomes was retained but the senate amendment restricting the amount to which this cut could be applied to \$2,000 was accepted.

A compromise was reached on a cut in the jewelry tax. All articles selling for \$30 or less were exempt from the five per cent tax. The house had set this limit at \$40 and the senate at \$25.

Senate proposals to exempt produce and merchandise brokers from the brokers tax and restore the full levy on billiard and pool tables and bowling alleys were approved.

Restored Treasury Proposal. The treasury department's limit deductions on account of capital losses to 12 1/2 per cent was restored to the bill by demand of house conferees. Secretary Mellon had estimated it would increase annually in revenue by \$25,000,000.

Chairman Smoot of the senate finance committee estimated the bill would increase revenue by \$100,000,000 annually. This did not take into account the cost of the bonus bill which it has been estimated will require an appropriation of \$15,000,000.

Next fiscal year or other pending measures calling for special appropriations.

COMMITTEE SPIED UPON, IS TESTIMONY

[BY ASSOCIATED PRESS] Washington—The senate Daugherty committee was told today that representatives of the department of justice not only had sought to "frame" Senator Wheeler, its proponent, but had spied on its members.

Secretary Charles Clegg had taken away the famous diaries of Gaston B. Means, working with it as an investigator.

The witnesses were W. O. Duckett, who said he knew about the whole proceeding because his wife is a secret agent of the department.

It was she, he said, who identified in his presence the records of Means after they had been obtained by a ruse.

WOMEN ARE GIVEN GOVERNMENT VOICE BY PRESBYTERIANS

[BY ASSOCIATED PRESS] San Antonio, Tex.—Having disposed of questions of church doctrine, eligibility of women on committees and adherence to the federal constitution of the Presbyterian church in America, the sixty-fourth general assembly of the Presbyterian church in the United States came today to consideration of a problem touching illiterates in the missionary seminary at Nanking, China.

A report of the committee on foreign missions dealing with this subject was read by the moderator. Evidence before the committee indicates the question turns on whether this denomination is to continue its support of the seminary, or whether it is to discontinue it.

It was asserted by witnesses before the committee that there was no one at present teaching in the seminary who had contrary views, but demands were made that the assembly decide that such persons should not in the future be employed.

MURDER, SUICIDE SEEN IN DOUBLE DEATH ON FARM

[BY ASSOCIATED PRESS] Princeton, N. J.—The bodies of Rudolph Shirock, 50 years old, and his wife, Edith, 42 years old, were found at the Shirock home, three miles from here this morning. The man and his wife died from gun shot wounds, which the sheriff's representative believed were inflicted by Mrs. Shirock.

Shirock's body was found about 100 feet from the farm house, with a gun shot wound in the back. Further investigation revealed the body of Mrs. Shirock, with a gun shot wound in the head. It is believed both had been dead for more than 24 hours.

A shot gun was found beside Mrs. Shirock's body. The shot gun had one trigger gave an indication of the manner in which she met her death.

According to records here, Shirock filed action for divorce from his wife, and the case was to have come up for trial at the June term of court in Green Lake county.

The note read: "You came here looking for trouble and you sure found it. Now take what's left." According to neighbors Rudolph Shirock had been here last week to attempt to prevent the pending divorce action.

He was last seen in Princeton Sunday and authorities say he has been missing since that time.

FARM RELIEF BILL DELAYED

[BY ASSOCIATED PRESS] Washington—Discussion of the McNary-Haugen farm relief bill, was side-tracked in the house today by an agreement for consideration of miscellaneous amendments to the bill.

The bill was resumed tomorrow, however, under the program accepted here yesterday, allowing 15 hours for general discussion and calling for day and night sessions on the bill.

It was announced that the bill will be taken up Saturday night or early next week.

LaFollette Will Shun Third Party Candidacy; Plans Independent Run

[SPECIAL TO THE GAZETTE.] Washington—It seems to be definitely understood here among those who appear qualified to speak that Robert M. LaFollette will not be a candidate for the presidency on a third party ticket and will refuse any such nomination.

This has deeply disturbed the schemes of the politicians who have hoped to shine in the reflected glory of such a contest and who have started the organization of the third party with the radical St. Paul convention plans.

Profits by T. H. DeFent. News sent from here last night by correspondents friendly to LaFollette and the insurgent republicans says LaFollette wishes to avoid the mistake made by Roosevelt when he made it possible to elect a democratic candidate for presidency without helping himself. Road and Brotherhood Chiefs Give Opinions on Howell-Barkley Bill

By DAVID LAWRENCE

to the Janesville Gazette.

Washington—The controversy over the Howell-Barkley bill, which would amend the National Labor Relations Act, has developed some sharp differences of opinion between the railroad executives and the labor union leaders.

The railroad executives, who are opposed to the bill, claim that it would interfere with the right of employers to manage their own business.

The labor union leaders, on the other hand, claim that the bill would deprive them of their right to organize and bargain collectively.

The bill, which was introduced in the House of Representatives last month, has now passed the House and is now in the Senate.

The Senate is expected to pass the bill in the near future, and it is then that the real test will come.

The railroad executives are now making every effort to prevent the bill from becoming law.

They are doing this by every means in their power, and they are determined to win.

PACIFISM HARD HIT AT CO. M BANQUET

Brilliant Event and Program
for Rock County Veterans
by Service Star Legion.

With patriotic songs and speeches, in which pacifism was given some hard blows by Dean Ryan, 45 members of the Company M club were treated Tuesday night at the Y. M. C. A. at the fifth annual banquet given by the Service Star Legion.

Under the supervision of Mrs. Gertrude McKeligue, a splendid program was presented, with the addresses of the Rev. Dean Ryan, J. Ryan and Captain Holies, editor of the Gazette, praising patriotic service from the guests.

Other numbers on the program were: Prayer, the Rev. Robert MacMillan; address of welcome, Mrs. Sadie Carman, president of the Service Star Legion; response, George Strampe, president of Company M; vocal solos, Alfred Olsen; vocal solos, Miss Josephine Gonnors; soloists, American Legion quartet. The musical program was especially fine.

The banquet was served at 7 p. m. at three tables decorated in a color scheme of red, white and blue. Tulips and potted plants made the centerpiece, with streamers coming out from the focal motifs. Lights were strung in the room, and the decorations were a large basket of roses presented by the gold star division by Mrs. Dora MacMillan, chairman. This was donated in memory of the deceased members of Company M. The dining room committee, headed by Mrs. Emma Wilson, supervised the decorations. Under the direction of Mrs. Bert Pufahl, a most excellent dinner was served. Mrs. Sadie Carman was chairman of the general arrangements committee. The Service Star Legion is renowned among ex-service men for its hospitality in sponsoring an annual banquet for members of Company M.

Dean Ryan, who spoke briefly, was emphatic against the insidious campaign for pacifism that refused to defend or fight for humanitarianism. He spoke of the horrors of war, the sadness it brought, but that the greater battle was for the preservation of peace. He was applauded when he said that the nation would never be in danger from enemies without but rather from within.

The dean praised the Service Star for the tribute they paid to the men of Company M and in so doing to the patriotism of the nation and with his usual keen wit and humor kept the banquet in laughter with several humorous stories.

Rock County Record.

You are representatives of the spirit of Rock County," Stephen Holies, in his address. "Sixty years ago and more when the life of the nation was in danger and there was need for help to save the cause of freedom and liberty. To keep the flag that we waved, the men of Rock County—the youth and flower of this section of the state—were called to the front and they fought for the cause of freedom and liberty. This country, this city, never failed in the defense of that flag or in the battles of preservation of the Union of states.

"At this hour in our history, we are called to go back to the far past and forget all the things which have come up through the ages, the remembrance of battle for humanity. Like yourselves, whose record of achievement shall ever shine as a great example to the nation, men and women entered combat of arms for the making of this nation. They were not spineless pacifists who would have the nation to make a mockery of all we have gained.

"I doubt if one of you after the experiences you have had would doubt if one of you, however splendid your record, wants another war. By the same token I do not believe you will be willing to let the nation be trampled on by enemies without a fight. We have people who do not believe in patriotism and loyalty. They seem to think it is out of date—these expressions.

Patriotism and Loyalty.

"Patriotism and loyalty are not so old. They were born on the wide shores of the world, the hearts of the people who came here to make a new world. They began with the pioneer home and its defense, spread out to the community and from there the nation built out of interest and devotion. If you would not defend your nation, you would not defend your homes. If you would not fight for the neighbor and have consideration for his rights, you would not fight for your own life and children. Patriotism and loyalty begin at the mother's knee. We want no wars. We want no conflict of arms. But so long as all the nations of the world are not moved by the spirit of consideration for the rights of the other, there will always be danger of attack. When all the doors may be left unlocked, all the police and peace officers discharged and all the world embracing the millennium, we may be safe—but not until then.

Achieved in America.

"Will you give up one of the things achieved in the last century in America? What are these things we have gained? We have a land where peace reigns, where all the quarrels are inside the family. By the way, we have peace in our own homes. We have a land where there are no subjects, only citizens. No man may be imprisoned for debt. No man may be forced to worship at a church not of his own choosing. No man may be imprisoned for tending offenses against individuals in authority. Knowledge is his for the getting and the state takes the pains to educate him. We live in a land where the individual counts for more than in any other.

The Greatest Hour in History.

"We live in this hour, the best of all times, the best since the world was inhabited and mankind began to think. We live in a land where peace reigns, where all the quarrels are inside the family. By the way, we have peace in our own homes. We have a land where there are no subjects, only citizens. No man may be imprisoned for debt. ARTERIAL HIGHWAY CHANGES PROPOSED

Special Council Committee Considers Increasing Number of Stops to 62.

Radical revision of the present arterial highway ordinance in Janesville is proposed to bring about the establishment of 10 arterials at which traffic would be required to stop before entering from any intersecting street. The changes would increase the number of arterial stops in the city from 14 to 65.

The special committee of the council on proposed changes in the traffic ordinance, composed of Councilmen C. Starr Atwood, Ray C. Gardner and City Manager Henry Traxler, met this week and made a tentative outline of new regulations to be submitted to the council at its next regular meeting May 28.

One Through Street Now.

Under the ordinance as it now stands, Milwaukee street is the only one through street in the city as traffic is compelled to come to a stop before entering it at any intersection. While Franklin, Jackson, Main and a few other streets are designated as arterials, stops are required on only one or two intersections of these streets.

The committee's proposal is to make sections of nine other streets arterials in the real meaning of the word, requiring stops at every intersection. It is proposed to do away with one of the difficulties of the present system by eliminating South Franklin street as an arterial and having South Jackson street the only one through the Fourth ward.

This would eliminate the double stop necessary for Pleasant and Cassia street traffic, providing only one stop, this at Jackson.

Following are the committee's recommendations for arterial highways:

Milwaukee street—Five Points to Milton avenue.
Milton avenue—Milwaukee street and East street to city limits.
South Jackson street—West Milwaukee street to city limits.
Cassia street—Cassia street bridge to Jackson.
Pleasant street—Court street bridge to Jackson.
North Franklin street—Wall to Mineral Point avenue.
Mineral Point avenue—Franklin to Washington.
North Washington street—Mineral Point to Highland avenue.
South Main street—Milwaukee street to Sharon.
North bluff street—Milwaukee street north to railroad viaduct.

BERGMAN EXPECTED TO BE CAMP DIRECTOR

Representatives of the Rotary club, sponsors of Rotaridge camp, are expected to be present at the meeting of boys who expect to go to Rotaridge of Rotaridge this summer to be held at the Y. M. C. A. Thursday night. The meeting will be in charge of A. B. Bergman, community secretary, who will probably have charge of Rotaridge camp, and John Pugh. Announcement of the meeting has been made through all the schools in the city, and a large number are expected. A half dozen applications for a camp period have already been received, though the meeting is the first step in the work this year.

PERHAPS you have a good job, but that doesn't mean there aren't better ones around. Read the employment index regularly.

Opportunity's Footlights

The different little offers which make up the Gazette's A-B-C Classified Section are just like the footlights of a stage upon which a place called "Opportunity" is being presented.

These profitable offers make Opportunity stand out in clear-cut splendor.

If the lights were not there, you could not see Opportunity's footlights. You might not see a single footlight that Opportunity was furnishing away somewhere in the room-but you wouldn't know where it was or what it was doing. You wouldn't even be sure that it was actually there.

But you don't need to be afraid that these lights will ever go out. There's a new supply coming along every day to replace those which are taken away. You may be sure that the Classified Ads will always keep Opportunity bathed in brilliance.

And you may be sure it will pay you to read the A-B-C Classified Ads in the light of the profits they present.

NEWSPAPER ADVERTISING

Never Needs a Crutch!

Gazette Columns Used Exclusively Pay Big Dividends

One of the principal functions of an advertising medium is to get the advertiser's message before the buying public of that territory at the least cost. The more thorough the circulation the bigger and better the results.

Thoughtful advertisers use that medium which with one stroke gives blanket coverage of the trading territory in which the advertiser's business is located. That medium is the newspaper.

The newspaper goes into every home, almost without exception. There is perhaps no home in this section of the country which fails to receive a newspaper, printed in some language, at least once a week during the year. Can the same be said of any other medium of news or advertising?

The Gazette's circulation in the Janesville trade territory is complete. It covers every city, village and farming community in the same intensive manner. The reader interest its subscribers have in this paper is just as strong as its circulation. What better combination could any advertiser ask for?

The testimonial below well sets forth that which can be obtained through the use of advertising in the Gazette columns exclusively in the sale of good merchandise at reasonable prices. Of particular interest is the returns obtained from this market as compared with those in other cities where other classes of advertising were combined with the newspapers.

"There IS Business For The Go-Getter." Phone 2500 and our ad men will be pleased to work with you in planning a campaign of advertising that will get more business.

KRUEGER HARDWARE COMPANY

GENERAL HARDWARE, STOVES & RANGES

115 East Milwaukee Street
Janesville, Wis.

May 12, 1924.

Gazette Printing Co.,
Janesville, Wisconsin.

Gentlemen:-

The advertisements which we ran in your paper last Wednesday, Thursday, and Friday in regard to the demonstration of Sherwin-Williams paint held at this store Friday and Saturday, brought results, that so far exceeded our expectations we found ourselves greatly embarrassed at not being able to supply the demands that came in. We laid in a large supply of paint, such as is ordinarily adequate for a demonstration in a city of this size. By noon of the first day, we were out and immediately ordered additional supplies from Beloit, Rockford and Chicago. With these extra shipments, we ran out of several of the most popular kinds and were forced to turn away many people. I should say, we gave out over four hundred cans of paint and in addition sold a great many gallons.

Mr. Stephensen, representative of the Sherwin-Williams Paint Company spoke as follows: "I have never seen as great a response to a demonstration as we have had in Janesville and I fully believe this is due to the wonderful distribution your paper has here, as the advertisement brought in many prospects from surrounding towns as well as Janesville. In cities like Racine, Kenosha, Beloit, Delavan and Elkhorn where we circularized the towns in addition to the newspaper advertising, we did not have as many people in, as here where we used the Gazette columns exclusively."

Yours very truly,

KRUEGER HARDWARE COMPANY
